

ANTON ANRU

Hi,

I'm Anton Anru, Ableton Certified Trainer, music producer, and sound designer.

I'm the author of the presets for software and hardware synths and effects that include: Arturia Matrixbrute, Microfreak, Moog Mother-32, DFAM, Subharmonicon, Grandmother, Subsequent 25/37, Sub Phatty, Novation Peak, Behringer Crave, Neutron, TD-3, 2600, Korg Minilogue XD, Opsix, Wavestate, Modwave, ROLI Equator, Dreadbox Typhon, Erebus V3, U-He Repro, Spectrasonics Omnisphere, Xfer Serum, NI MassiveX, Soundtoys and others.

The full list of my soundsets is available on websites:

antonanru.com, antonanru.sellfy.store

You may also be interested in synth video tutorials on my Youtube channel. I'm fond of deep explorations of the devices, and I'm always glad to share the knowledge I get.
